

# Community Report for FY 2018

## Howard Memorial Hospital

Established in 1949, Howard Memorial Hospital is a 20-bed Critical Access, not-for-profit community hospital. We provide comprehensive medical-surgical care, emergency care and skilled nursing care. Our rehabilitation therapy services department offers the only resistance pool in Southwest Arkansas. Our medical staff includes physicians that specialize in family practice, internal medicine and general surgery.

**OUR MISSION:** Improving the health of the communities we serve

**OUR VISION:** To be the respected healthcare leader providing service excellence to Howard County and its surrounding communities

**OUR VALUES: FIRE C3** Fairness, Integrity, Respect, Excellence, Compassion, Communication, Commitment

Because HMH is a not-for-profit and is not required to return profits to shareholders like taxable organizations, we reinvest revenues in excess of expenses to enhance our capacity to deliver high-quality health care to the communities we serve. These resources provide for a long-term focus on enhanced technologies, new services and recruitment and retention of outstanding medical professionals. In addition, such resources enable us to provide other services that benefit the community such as health fairs and education to local industry and schools.

**\$3.2 million** in Charity Care, Private Pay Discounts and the write-off of Bad Debt expense was provided to the community during Fiscal Year 2018.

Compared to other Critical Access Hospitals in the State, HMH ranked #3 for Days Revenue in Accounts Receivable, #3 for lowest amount in Bad Debt Expense, #1 in productivity (lowest number of FTEs per Adjusted Patient Day); ranked #2 in Average Revenue per Patient Day, ranked #3 in Net Income, ranked #7 in Overall Cost Control and ranked #5 in Volume (Adjusted Patient Day).

## We get comments.....

- Our mother was admitted to the hospital and she was treated with respect and consideration by everyone, especially Dr. Beard.
- Our momma is our momma again, thanks to the care she received at Howard Memorial Hospital Swing Bed.
- My husband was treated with kindness, respect, professionalism and especially professional skill. Dr. Ede was extremely patient with my concern for my husband's illness.
- A huge heart felt THANK YOU! From the door greeter through discharge we were treated with kindness, professionalism and understanding.
- I continue to be impressed with the wonderful facility we are blessed with. The staff is so friendly and supportive.
- Thank you for the wonderful care my Nanny received during her stay there. We were kept well informed about her treatment plan.

### Patient Satisfaction

Overall score for ED, Inpatient & Outpatient Services

- Overall Satisfaction (Very Satisfied/Satisfied) – 99.5%
- Likely to Recommend (Very Satisfied/Satisfied) – 99.7%
- Friendliness/Courtesy/Kindness (Very Satisfied/Satisfied) – 99.7%

We continue to work on improving patient satisfaction. Outpatients and Inpatients are asked to complete a quick survey upon discharge.

Our Mission is:

*Improve the Health of the Communities We Serve.*
